Be Well. Work Well. Guide Well.

GUIDEWELL

GuideWell is reimagining the world of health.

We believe that good health should be easy to access and manage. That means creating a seamless experience by connecting people with the right tools and resources they need, whenever they need it.

When it comes to our benefits, we offer health insurance, retirement benefits, competitive paid time off and much more. We design our offerings to take care of you—to help you be your best at work and in life.

We also offer programs and opportunities that matter most to employees and their families, like well-being incentives to reward healthy behaviors.

We're glad you've decided to join us in helping people and communities achieve better health.

Choosing a health plan is a personal choice. We offer our team several choices in health plans that meet a wide range of needs.

Our high deductible health plans (HDHPs) have lower premiums per pay period. These plans can be paired with a health savings account (HSA) to help you budget for out-of-pocket expenses and make your pretax dollars go further.

Our health maintenance organization (HMO) plan provides first dollar coverage paired with higher premiums. Our flexible PPO plan offers a

combination of first dollar coverage for common services and a higher deductible. These plans offer can be paired with a flexible spending account (FSA) to cover out-of-pocket expenses.

Listed below are the biweekly premiums for health insurance. The amount you pay is deducted from each biweekly paycheck throughout the year. Health plan premiums are tiered based on job level from non-exempt employees to senior leaders.

Health Care Flexible Spending Accounts (FSAs)

An FSA is an employer owned benefits program that enables you to save pre-tax dollars to pay for qualified medical expenses, regardless of whether or not you elect to participate in your employer's health insurance plan. With an FSA, you have full access to your employer's contributions as well as your own annual contribution pledge with the first paycheck of the year. Your contribution will be deducted from your paycheck over the 26 pay periods in 2021.

Up to \$550 can now roll over into the next benefit year. However, the remaining balance – both employer and employee contributions – are forfeited if expenses are not incurred during the plan year (“use it or lose it”).

You can be enrolled in an HDHP or HMO health plan to set up an account.
